

HUMBERTO SALGUENTO

SOFTWARE ENGINEER · JAVA / SPRING BOOT · TYPESCRIPT · RUST

São Paulo, Brazil · Native Portuguese · Fluent English · Advanced Spanish

salguento@gmail.com · linkedin.com/in/salguento · salguento.xyz · github.com/salguento

PROFESSIONAL SUMMARY

Software developer with experience in web applications, workflow automation and systems support, complemented by an educational internship in DevSecOps. I build projects with Java/Spring Boot, TypeScript and Rust. My background in design and IT team leadership informs interface decisions, delivery planning and cross-functional collaboration.

SKILLS

Development: Java · Spring Boot · Rust · JavaScript · TypeScript · React · Vue/Nuxt · SwiftUI

Data and integrations: SQL · PostgreSQL · SQLite · REST APIs · Supabase

Delivery and tools: Git · AWS · Docker · Linux · Bash · Figma · WordPress

EXPERIENCE

Junior IT Support Analyst | FPCS

São Paulo, SP | Jun 2025 - present

- Automated CSV data cleaning and comparison workflows with Bash scripts, reducing manual steps in data processing and verification.
- Diagnosed and resolved incidents for a base of over 500 clients; maintained and configured Windows and Linux systems and equipment.

DevSecOps Educational Internship | Compass UOL

2024 - 2025

- Completed learning activities in a DevSecOps training program covering AWS, containers, infrastructure as code and application security.

Front-end Developer | Aprende Brasil

Curitiba, PR | 2024

- Developed responsive, mobile-first pages for educational resources using HTML, CSS and JavaScript.

IT and Web Development Lead | Equalis Veterinária

Curitiba, PR | 2023 - 2024

- Led the local IT team, including hiring professionals and conducting meetings with service providers.
- Coordinated the migration of one WordPress website and the creation of another; developed and maintained websites and plugins using Elementor Pro.

UX Designer | Front-end | Ravaneda C&T;

Curitiba, PR | 2021 - 2023

- Developed and maintained JavaScript and WordPress pages; researched and created design systems and wireframes in Figma.

Front-end Development (Volunteer) | Nós - Nosso Olhar Solidário

2022

- Implemented interface components and produced an Android app update build.

SELECTED PROJECTS

Raízes do Nordeste API | Java · Spring Boot · SQL

Academic order and inventory API with idempotency, concurrency control and contextual authorization. OpenAPI contract covering 49 operations and a documented run of 255 automated tests.

Durvald | Rust · UniFFI · SwiftUI · SQLite

Local-first music player developed end to end, from the logo to the Rust core, with assistance from AI models. Migrating from Tauri to native interfaces while reusing the core; macOS is the most advanced client and GTK4 development has started.

EDUCATION

Technology Degree in Systems Analysis and Development | UNINTER | Completed Aug 2026

Technology Degree in Graphic Design | UTFPR | 2016 - 2021

ADDITIONAL COURSES

AWS Solutions Architect Associate (SAA-C03) Exam Preparation - Udemy, 2024

Google Cloud Computing Foundations, 2024 · The Ultimate React Course, 2024
